

# TECHNICAL DATA SHEET

# 8-ALIVE

## LIQUID BACTERIA DRAIN MAINTAINER

**COMPOSITION:** 8-Alive is a combination of “Live” mutant enzymes that rapidly penetrates, digests and liquefies the fats, oils, grease, cellulose, protein and starch that collect in and slow or block drain systems and grease traps.

**BENEFITS:** Automatic and maintenance free when used with the automatic pump dispenser.

Will not deteriorate pipes, contains no caustics, acids or solvents.  
Safe in all drainage systems.  
Eliminates odours.  
Reduces waste surcharges.

**DIRECTIONS:  
FOR USE:** Proper drain and grease trap treatment must occur daily.  
For best results use 8-Alive automatic pump dispenser for your drains and grease trap.

**Manual –Drain treatment.**

Pour the recommended dosage in main drain line each night.
