

# TECHNICAL DATA SHEET

# CHEX AEROSOL

- COMPOSITION:** CHEX is a quality barrier cream based on lanolin, petroleum jelly, soaps and containing effective bactericides.
- BENEFITS:** Provides an effective barrier against paints, oils, inks, solvents, dirt and grime.  
Lanolised to give a conditioning effect on the skin.  
Effective bactericide reduces risk of dermatitis.  
Invisible film easily absorbed into the skin.  
Easily removed with soap and water.  
Supplied in convenient aerosol form.
- DIRECTIONS FOR USE:** Shake well before use. Apply sparingly to all skin exposed to dirt, oil chemicals etc. Rub in well especially under the fingernails. Wash hands at break, lunchtime and after work with **MOMAR GRIME-GO**. Reapply **CHEX** after each washing.
- SPECIFICATIONS:**
