

TECHNICAL DATA SHEET D-SOLV

COMPOSITION: **D-SOLV** is a concentrated liquid drain cleaner. It is a caustic alkali containing a blend of potassium hydroxide and wetting agents.

BENEFITS: Non-fuming and less odour generated than ordinary acid cleaners.

Safe on plastics used for drains.

Excellent for either regular maintenance or shock treatment.

Liquefies grease, fat, soap deposits, paper and most organic blockages.

**DIRECTIONS
FOR USE:**

BLOCKED DRAINS: Remove excess water from sink, drain or toilet.

Add _ 1 cup of **D-SOLV** to the drain and 1-2 cups of hot water.

drain.

SLOW RUNNING DRAINS: Add 1 cup of **D-SOLV** to 2 cups of hot water to the

BLOCKED TOILETS: Add 1 cup of **D-SOLV** and 3-4 cups of hot water.

SPECIFICATIONS: Appearance	-	Reddish/Yellow clear liquid
Odour	-	Bland/non-descriptive smell
Specific Gravity	-	1.45
pH	-	>13
Safety	-	product is corrosive. May cause severe burns if gloves, eye/face protection are not worn.
