

TECHNICAL DATA SHEET EASY

- COMPOSITION:** **EASY** is a blend of biodegradable anionic detergents, Non-ionic/anionic foam boosters, solubilised lanolin and a combination of two biocides.
- BENEFITS:** Excellent detergent blended for maximum cleaning powers and foam stability. Suitable for all degrees of hardness of water. Contains a blend of **IRGASAN** and **PHENONIP** bactericides. Lanolised for mildness on skin. Economical. Use only 0.1%-0.2% in **HOT** water. For even better economy use the "**EASY**" Tap Dispenser (attach to **HOT** tap only). Pleasant lemon perfume. Fully biodegradable detergents.
- DIRECTIONS FOR USE:** Use the "**EASY**" **tap Dispenser** for economical results when washing crockery, pots, etc. Alternatively use 1/4 oz. - 1/2. oz per gallon of warm water for long lasting grease-cutting suds. **EASY** has a multitude of other general purpose duties where a Free rinsing neutral foaming detergent is required. For heavy duty cleaning in kitchens use **M-23**
- SPECIFICATIONS:**
