

TECHNICAL DATA SHEET

IVORY-SOL

FOOD PLANT SYNTHETIC LUBRICANT

IVORY-SOL extreme temperature, extreme pressure food lubricant is non-toxic, colourless and odourless.

IVORY-SOL remains effective at minimum temperatures down to -100°F (-73°C) and maximum temperatures up to 450°F (232°C).

IVORY-SOL is an excellent rust preventative and does not break down in water, steam or under heavy load conditions.

DIRECTIONS FOR USE:

Shake well before using. Hold can 8 to 12 inches from surface to be sprayed. For best result, use short spray bursts. Reapply as needed.

Excellent lubrication for all types of open lube points such as cables, cams, castors, chains, conveyors, dicers, gears, guide rails, plungers, rollers, shackles, slides, stirrups, trolleys and trolley brackets on all food processing equipment such as: Automatic feeders, breast processors, cut up machines, deboners, dumpers, eviscerators, food sharpeners, frozen meat breakers, gizzard harvesters, halving machines, hatching trays, hoists, leg processors, lift loaders, net crackers and skinners, oil gland cutters, poultry pickers, push carts, screw loaders, separator grinders, spice mixers, stretch wrappers, tilt carts, vacuum mixers and fillers, and wing conveyors.

CAUTION:

Keep out of the reach of children.
Do not breathe spray.
If swallowed seek medical advice immediately and show this container or label.

BEST-CHEM LTD. IS AN ISO 9002 REGISTERED FIRM.
