

# TECHNICAL DATA SHEET

# MO-FLO

## LIQUID DRAIN CLEANER

**COMPOSITION:** MO-FLO is a liquid drain solvent treatment base upon Inhibited Concentrated Sulphuric Acid.

**BENEFITS:** Quickly dissolves all organic blockages including grease, hair, paper, sanitary napkins and sludge.  
Dissolves rust and limescale.  
Removes build-up of laundry detergents.  
Safe on plastic used for drains.  
Acid is inhibited against attacking steel, iron, copper and brass fittings.  
Will not harm septic tank activity.

**DIRECTIONS FOR USE:** Use as supplied from container.  
Remove excess water from sink, drain or toilet.  
Pour slowly into drain.

	AMOUNT (ltr.)	DWELL TIME (mins.)	FLUSHING TIME (mins.)
Small Drains	0.25	5	5
3" to 4" Drains	1	15	15
6" to 8" Drains	2	15	10
Toilets	0.5	15	2
Grease Traps	1	15	5

If the directions suggested do not open drain completely repeat the application.  
Do not increase dose levels per treatment as may generate excessive heat.

**SPECIFICATIONS:** Appearance - Brown viscous liquid  
Odour - Sharp Acidic  
Specific Gravity - ~ 1.84  
pH - < 1  
Safety - See below

**CAUTION:** **WARNING: CONTAINS CONC. SULPHURIC ACID.**  
Do not allow contact with skin, eyes and clothing.  
Always use rubber gloves and goggles when applying.  
Not suitable for aluminium or alloys.  
**NEVER USE HOT WATER BEFORE OR AFTER USING MO-FLO.**
