

TECHNICAL DATA SHEET

PUMICE-PLUS

COMPOSITION: PUMICE-PLUS is an extra heavy duty abrasive hand cleaner based on "safe" petroleum distillates, detergents, emulsifiers and skin bactericides.

BENEFITS: Extra heavy abrasive solvent hand cleaner for those "impossible" tasks.
Free from Paraffin and other "harsh" solvents.
Free rinsing in all degrees of hardness of water.
Lanolised to preserve skin flexibility, prevents chapping and dermatitis.
High solvent content (around 50%) removes most contamination including inks, grease, oil, paint, tar, bitumen, etc.
Approved by the Royal Institute of Public Health and Hygiene.

DIRECTIONS FOR USE: For maximum economy PUMICE-PLUS should be dispersed via the WALL DISPENSER.
Uses as supplied, rub well into the hands until liquefied, wipe with a cloth or rinse with running water.

SPECIFICATIONS: Appearance	-	Opaque pink abrasive paste
Odour	-	Pleasant perfume
pH	-	7 (neutral)
Safety	-	Completely safe in use

BEST-CHEM LTD. IS AN ISO 9002 REGISTERED FIRM.
