

TECHNICAL DATA SHEET

Q - 99

COMPOSITION: Q-99 is an aqueous alkali solution - a Quaternary Disinfectant Liquid cleaner.

BENEFITS: Heavy-duty cleaner/sanitizer.

Kills wide range of bacteria.

Kills pathogenic fungi.

Controls mould and mildew.

E.P.A. approved (REG. NO. 1553 - 127)

BS 6471 pass dilution 1:100

Q-99 diluted 1:50 parts water kills Pseudomonas aeruginosa, Escherichia coli, Staphylococcus aureus, Salmonella cholerasius, and Trichophyton mentagrophytes.

Q-99 is a heavy duty cleanser, disinfectant designed for kitchens, food processing plants, schools, hotels, offices, light industry, nursing homes and hospitals where cleaning is of prime importance.

When used as directed Q-99 will disinfect inanimate hard surfaces (e.g.walls, sink and tabletops, floors, toilet bowls, chairs, telephones, etc.).

DIRECTIONS

FOR USE:

DILUTION RATES:

General disinfection 1:100 parts water

Hospital disinfection 1:50 parts water

Heavy duty cleaning 1:20 parts water

DISINFECTION: To disinfect hard inanimate objects apply solution with mop, spray, etc. to thoroughly wet surface. Allow to remain wet for 10 minutes and allow to air dry. The disinfection action requires time to work; it is not a "wipe-on-wipe-off" action.

MOULD AND MILDEW CONTROL: As above with 1:50 dilution. Repeat weekly until cured.

SANITISATION: To sanitise previously cleaned and rinsed food contact surfaces use 1:100 dilution to wet completely for 60 seconds. Rinse thoroughly with potable water.

NOTE: Prepare fresh solutions of Q-99 daily or more frequently as soiling increases.

SPECIFICATIONS: Appearance - Clear BLUE/GREEN liquid

Odour - Perfume free

Specific Gravity - 1.08

Safety - Safe when used as directed

CAUTION:

Q-99 CONTAINS ALKALINE SILICATES.

Product is irritating to the eyes and skin.

In case of contact with eyes, rinse immediately with water and seek medical advice.
