

TECHNICAL DATA SHEET

TOUGH AS NAILS

COMPOSITION:

A unique blend of Metallised Acrylic Co-Polymer Resins, Tough Plastic Waxes, and smoothing agents designed to produce an exceedingly TOUGH coating for most hard surfaces. Water based system with a minimum level of V.O.C.'s (Volatile Organic Compounds) to reduce the environmental impact associated with Solvent-Based Resin seals.

BENEFITS:

SEALER and POLISH in one can.

Provides TOUGHEST protection to Vinyl, Rubber, Vinyl-Asbestos, Terrazzo, Wood and Cork.

SLIP RESISTANT, SCUFF and WEAR resistant Polymers and Waxes

BUFFABLE by HIGH-SPEED and ULTRA HIGH-SPEED burnishers

NON-YELLOWING Clear high gloss finish

HIGH SOLIDS, LONG-LIFE system

COMPATIBLE with most surface dressings, including Emulsion Polishes, Burnishing solutions etc.

DIRECTIONS

FOR USE:

removes

FLOOR PREPARATION:

1. Remove loose dirt and debris with a Dust-Mop system.

2. STRIP all existing floor polish and seals with either "EXIT" or "SPECIAL SEAL REMOVER " ("EXIT" removes water-based emulsion polishes and waxes, "SPECIAL SEAL REMOVER " resin-based seals.

3. Remove dirt and light build-ups of polish residues with "AQUA 5000" as recommended using machine with Black Stripping pads.

4. Rinse surface thoroughly and allow to dry.

APPLICATION DIRECTIONS

1. *Do not use a sealer.* TOUGH AS NAILS is a Sealer and Polish in one can.
2. Apply with a pre-soaked cotton mop or applicator. Lay in overlapping strokes, avoiding laying a "flood coat" or generating bubbles by a rapid action.
3. Apply a MINIMUM of TWO coats, or up to Four coats.
4. Allow 30-40 minutes MINIMUM-drying time between coats.
5. Coverage approx. 400-500 sq.ft. Per litre.

PROTECTIVE MAINTENANCE

1. Damp mop regularly with "SECURITY" Neutral cleaner
2. To maintain gloss, Dry buff with a White or Tan pad
3. To restore finish Spray-Buff with "INSURANCE" restorer. This will take several applications to produce a good wearing coat with Anti-Slip properties and excellent reparability by Buffing.
4. If no machinery available recoat as required with "TOUGH AS NAILS "
5. STORAGE; DO NOT ALLOW TO FREEZE
